Dear Ms. Artesi:

As the Mayor and leader of our community, I want to send my personal note of congratulation to you and your entire staff for receiving the three year accreditation award from the American Board of Certification in Orthotics, Prosthetics & Pedorthics (ABC). Your dedication to your clients and your profession are to be commended. We need more individuals like you and your staff whose commitment to excellence is portrayed in the manner in which they interact with their clients!

Again, congratulations and best of luck for continued success.

Very truly yours,

Christopher P. Vergano
