

# Fit for LIFE

*Sunshine P&O custom fits prosthetics and orthotics to meet patient's needs and potentials.*

In 1994 Brooke Artesi lost her right leg in a train accident, changing the direction and purpose of her life. She received an associate's degree in fine arts from the Fashion Institute of Technology in New York City and went on to receive a bachelor's degree

from Rutgers University, majoring in biology and minoring in sculpture. With an eye for design, and an understanding of science, she completed her post-graduate work at the University of Hartford for the Newington Certificate Program in Orthotics and Prosthetics (NCP). Working as a P&O technician while continuing her education, she is now certified in prosthetics, pedorthics, orthotics and mastectomy fitting.

Artesi opened her own practice, **Sunshine Prosthetics and Orthotics**, in Wayne, NJ in 2012. It is a state-of-the-art facility, providing 3d scanning and inhouse fabrication for custom-fitted prosthetics and orthotics.

*"I have treated patients who have come to me in a state of hopelessness. Many are new amputees or amputees who have not had a good experience elsewhere. Being an amputee myself, I totally understand their situation. I work extremely hard with each patient to ensure each one becomes a success story."*

Patients range from children through seniors. Prostheses are custom fit and include technologically-advanced products such as the Ottobock C-Leg 4 w/ Microprocessor Knee and Touch Bionics i-Limb. Artesi is the only certified iLimb prosthetic hand prosthetist in northern New Jersey. Sunshine P&O is also the only certified fitters of Radiant Impressions post-mastectomy prosthetics in our area.

Custom fitted orthoses include shoes and inserts, AFOs, KAFOs, braces and supports for the spine and for post-reconstructive surgery, spasticity, sports or repetitive injuries and wound healing, including diabetic wounds.

For patients with stroke, multiple sclerosis, cerebral palsy and brain or spinal cord injuries, Sunshine P&O also custom fits Functional Electric Stimulation units (FES) which stimulate nerves and muscles for more natural movement and stability.

Artesi also fits Fairings – prosthetic covers for lower limb amputees. Patients can choose from a wide range of ready to wear versions or create their own designs.

*"Fairings are walking art. They allow the patient to express themselves and have a say in the final product"*

Staying active is Artesi's way of life. She encourages and inspires patients through mentoring at Camp No Limits for children with limb loss/limb differences, speaking at schools and health fairs, medaling in the Extremity Games for athletes with limb loss/limb difference, and most recently, organizing Amputee/Adaptive hiking meetups.

Artesi lives in Kinnelon, NJ with her husband Steve and their 2 sons, Nicco, 4 and Giovanni, 6 months. They are a hiking family – her goal is to someday hike the entire 2,814 mile Appalachian Trail. She balances her active life with her yoga practice.

Sunshine Prosthetics and Orthotics is located at 1700 Route 23 North, Suite 180, in Wayne, NJ 07470. Call **973-696-8100** to learn more about their services or visit their website at [www.SunshinePandO.com](http://www.SunshinePandO.com).
